Mr. Burt Kummel, President
Station WHAV
Haverford College
Haverford, Penna.

Dear Burt,

Thanks for the return of our postcard on October 4. So far we have not received copies of your campus paper, as promised. I trust they are on the way.

Please return the fall semester questionnaires as soon as the desired information is known. Also, a brief report on your relations with Bryn Mawr this semester would be helpful as I note that Miss Alice Minot has been writing to us regarding the possibility of a station there.

What is the status of the proposed Quaker Network to link Bryn Mawr, Swarthmore, and Haverford?

Very truly yours,
